

POSTCARDS, 1906-2004

Please note that many of these postcards are extremely fragile. You *may not* remove them from their protective coverings without permission. We have scanned copies of these images.

The Postcard booklets are fragile and tear easily. Scanned versions of the images have been provided.

PN refers to the postcard's individual number. It can be used to identify the scanned images.

Acknowledgements: Many thanks to Becky Adams for her help in identifying the sites in many of the postcards.

Green Diamond

- Illinois Central's efforts in the streamliner era brought forth the five car articulated train "Green Diamond" in the late 1930's. Schedule was 4 hours 55 minutes between Chicago and St. Louis. Power car, No. 121, had a dual headlight, one beam pointed into the air to improve grade crossing attention. The train was scrapped. From an original painting by Bob Lorenz. [back]
